

# STARVIEW SHOPHOUSE SMART HOME UPGRADE KIT

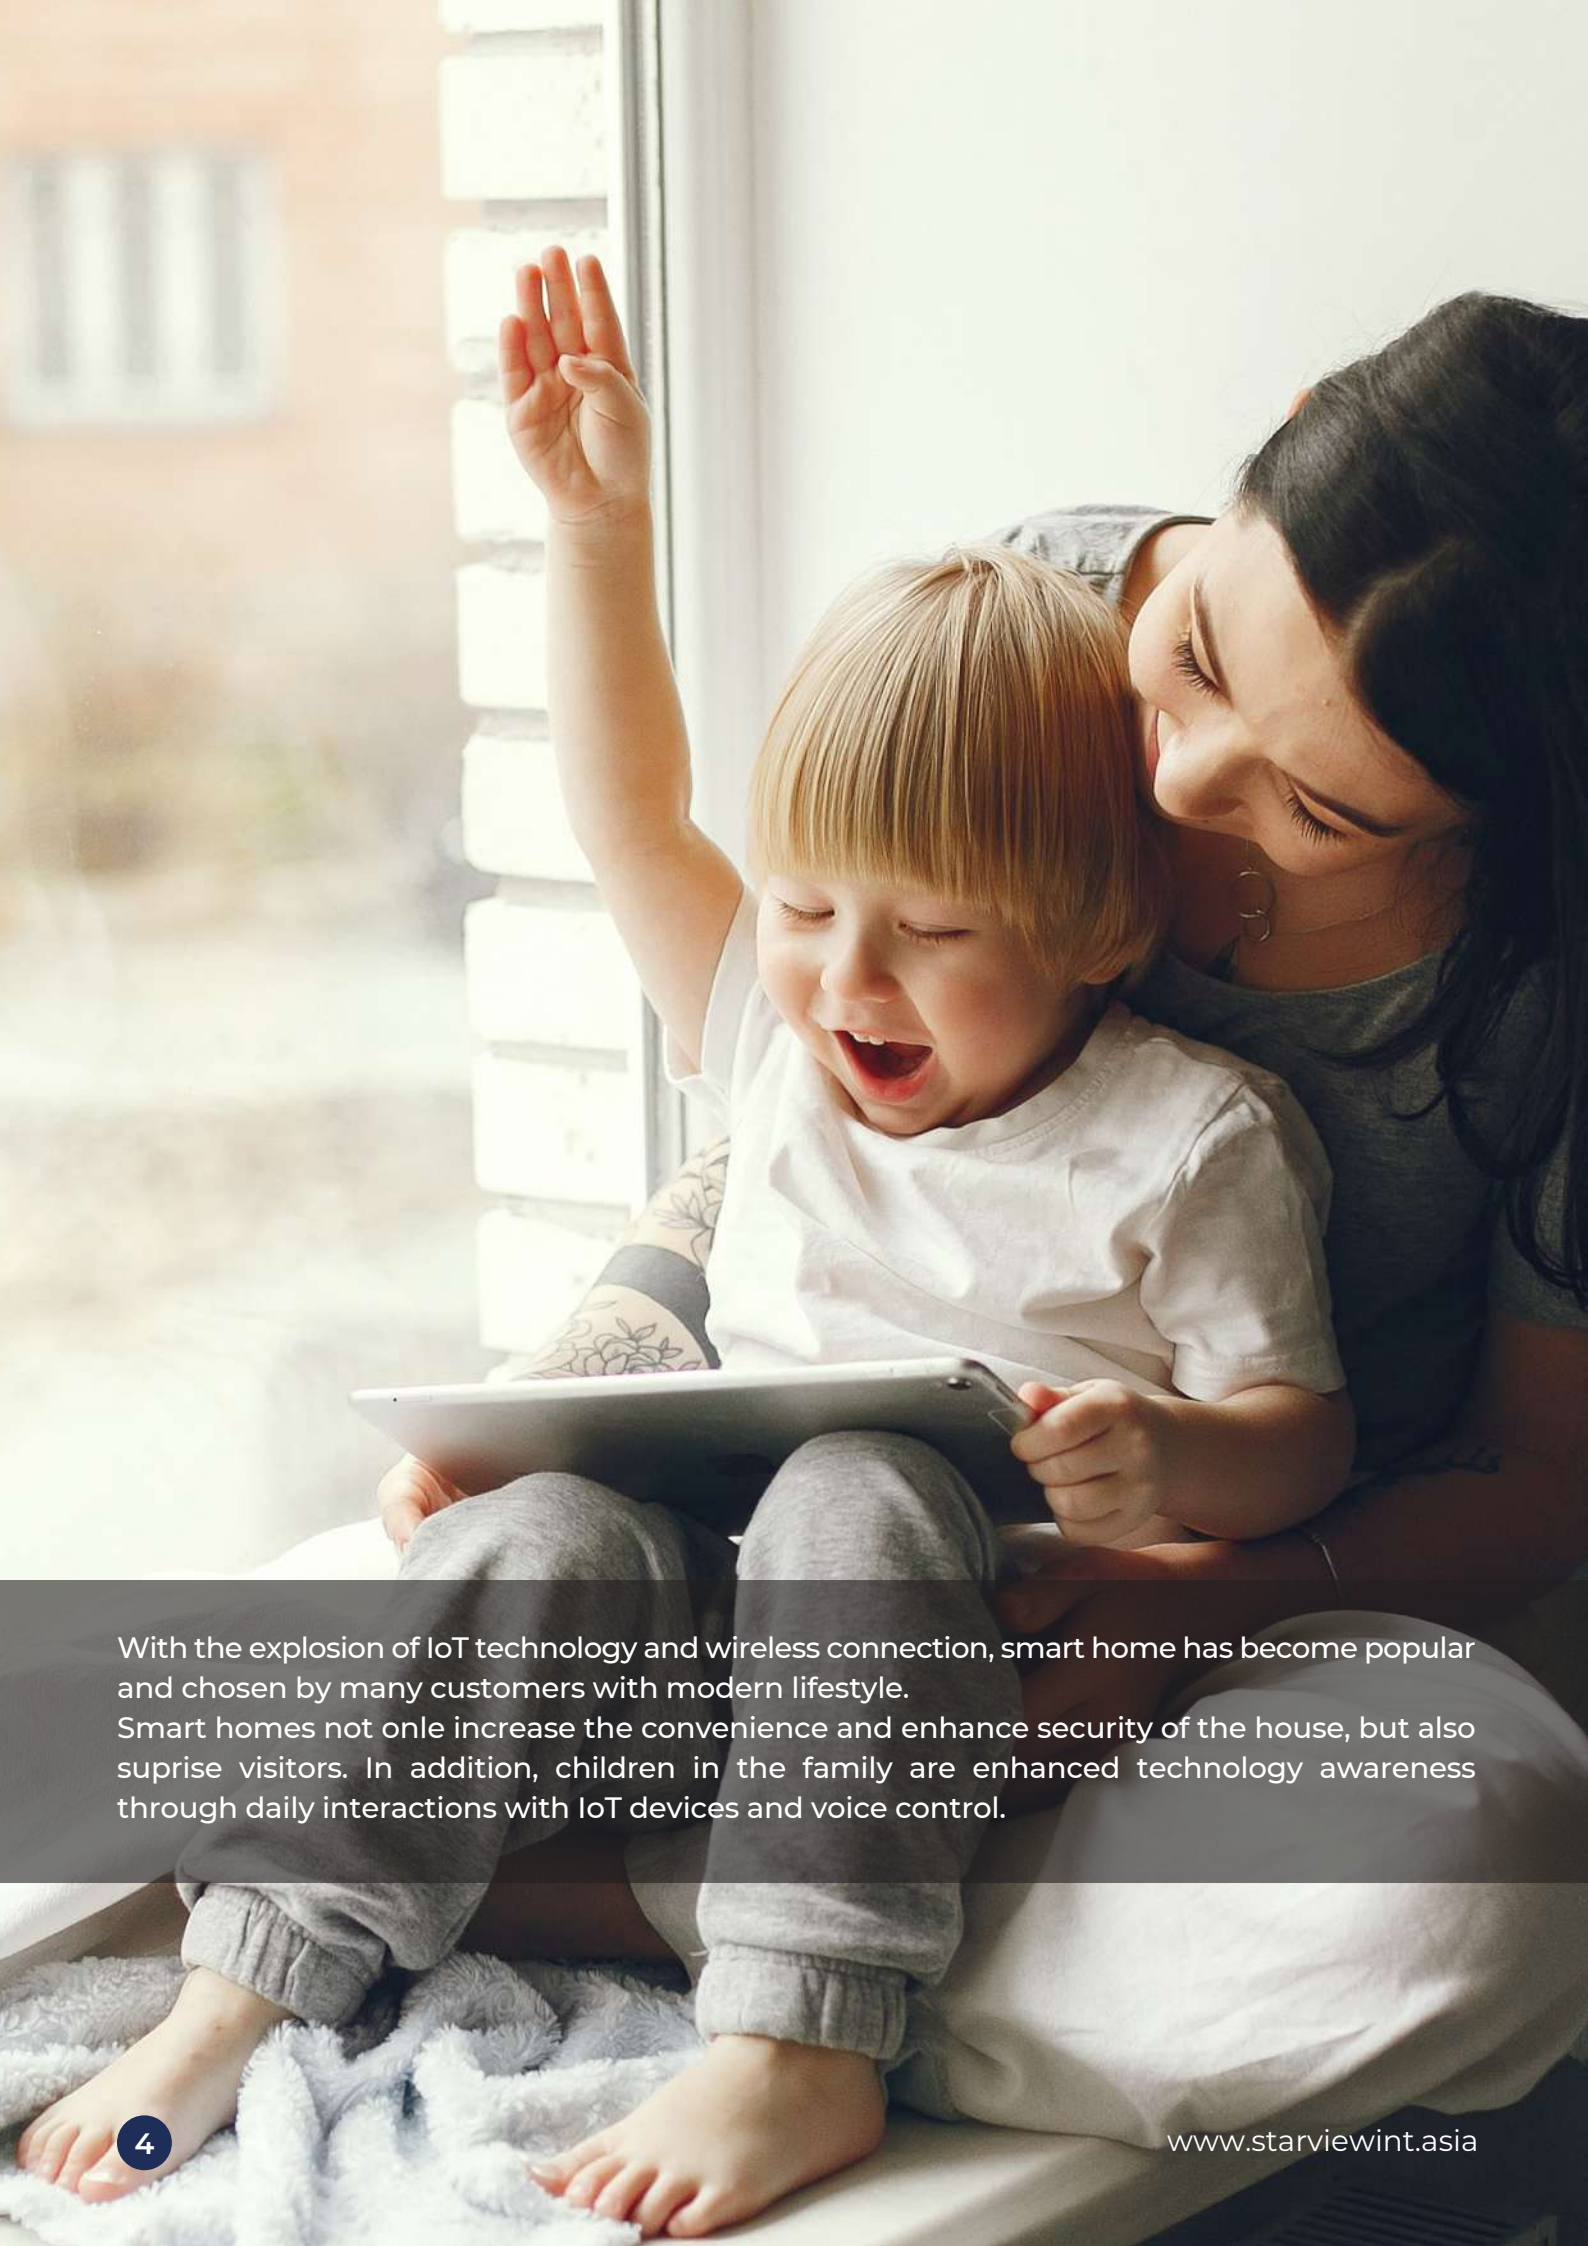

## Complete your home with a Starview Smart Home Upgrade Kit.

---

*Optimize your home devices for a smart lifestyle tailored to your needs. Enjoy a customized home with Starview Smart Home devices that simplify your day-to-day life.*

*With Starview Smart Home devices, you can control and manage any connected smart device in your home, even when you are not there with your smartphone, tablet or computer through the internet. Added convenience. More comfort. Staying in touch with your home, even when you're not there.*

With the explosion of IoT technology and wireless connection, smart home has become popular and chosen by many customers with modern lifestyle. Smart homes not only increase the convenience and enhance security of the house, but also surprise visitors. In addition, children in the family are enhanced technology awareness through daily interactions with IoT devices and voice control.

# Starview Smart Home

# Starview Gateway

• Starview STV-WG001WZIG-BLU Gateway is the master controller and bridge to connect the smart devices in home to smartphone application, via zigbee/bluetooth/wireless signal.

**STV-WG001WZIG-BLU**  
Starview Zigbee - Bluetooth - Wireless Gateway

## MAIN FEATURES

- 3 in 1: The multi-mode gateway supports Bluetooth, Zigbee, Wireless ensure stable control of 50+ devices.
- Associate other smart devices in App for local scenario linkage and automation.
- Adding sub-devices without network access and multiple sub-devices accessing the network at the same time
- Much safer to create an intelligent home system with smart home automation featured.
- Wireless remote control your smart devices under one same interface for added convenience
- Smartly linkage your house various smart devices in smartphone app for real-sense intelligence.

STARVIEW STV-WG001WZIG-BLU SPECIFICATION	
Connection	Zigbee, Bluetooth
Power Supply	DC5V
Capacity	50+ smart devices
Working Temperature	-10°C ~ 55°C
Working Humidity	10% ~ 90% (non-condensing)

# Starview Smart IR Remote Control

• Starview SSL-LS-UFORT11 is 3-in-1 IR Remote. Three functions are integrated together. Say goodbye to using the remote to control every IR appliance like your TV, air conditioner, TV box, lights, fan, audio, and more. You can remotely control these devices with a tap of your finger on the mobile app, or you can monitor temperature and humidity in real time on the app anytime, anywhere.

**SSL-LS-UFORT11**  
Starview Smart IR Remote Control

## MAIN FEATURES

- Infrared Remote: With this universal infrared remote control, you can use your smartphone to control home appliances, such as TV Box, TV, Air Conditioner, Fan, DVD, etc. For details, please refer to the list of supported brands in the app. In addition, it also has a learning function, which can copy the button functions of the original remote control to the App.
- Built-in Temperature and Humidity Sensor: With the built-in sensor, you can know the temperature and humidity in the room at any time. And based on their values, do subsequent automation. For example, turn on the air conditioner when the temperature is higher than 26°C, and turn on the humidifier when the humidity is lower than 50%.
- Voice Control: By connecting the App to Amazon Alexa, Google Assistant, you can control your home appliances by voice.
- Family Sharing Function: Share with family members for common control.
- 360° range: Smart devices can be remotely controlled within a 360-degree range of 10 meters in diameter. We recommend placing one of this product in each room, it is more convenient.

STARVIEW SSL-LS-UFORT11 SPECIFICATION	
Power Supply	DC 5V/1A (Micro USB NO Adapter)
Infrared Frequency	38KHz
Range Coverage	360°
Infrared Remote Control Distance	10m
Working Temperature	0° - 80°C
Working Humidity	0% - 99%
Material	ABS
Size	63 x 63 x 23mm

# Starview Mesh Wifi System

• Router Starview STV-WMS07-3PACK is a network device with 1800Mbps dual-band Mesh Wifi system that provides Wifi coverage throughout the house, as well as helps you connect to the internet faster and more stable.

**STV-WMS07-3PACK**  
Starview Mesh Wifi System

## MAIN FEATURES

- Advanced Mesh Technology.
- Dual band Wifi up to 1800Mbps.
- Connect More Devices.

### STARVIEW STV-WMS07-3PACK SPECIFICATION

Type	Wireless
Operating Frequency	2.4GHz and 5.8GHz
Ethernet Port	2x 10/100/1000Mbps RJ-45 Port
Antenna	4 Internal Antennas
Button	1x RESET Button; 1x WPS Button
Power Consumption	12V
Firewall	Parental Control; MAC Filter; URL Filter; IP/PORT Filter; Link Tracking
Wifi Security	WPA2-PSK; WPA/WPA2-PSK; WPA3-PSK; WPA2/WPA3-PSK
LED	Internet and Signal show LED

# Starview Zigbee Door & Light Sensor

- Starview STV-MC21Z-W is Door and Light Sensor for Smart Home with Zigbee technology.
- Sensor for Doors or Windows with magnetic contact Zigbee technology, battery operated with double sided adhesive fixing.
- Just add the sensor to the Zigbee Hub and associate it with the Smartphone App.
- Use your voice to control connected devices via Alexa, Google Home.
- It can also perform automatic control together with other smart devices.

**STV-MC21Z-W**  
Starview Zigbee Door & Light Sensor

## MAIN FEATURES

- Starview Zigbee Door & Light Sensor: A Starview Zigbee Gateway Hub is a must to work with the door and light sensor, as well as a variety of Zigbee smart products, which is proved to be the bridge and control center for smart homes and plays an irreplaceable role for all Zigbee products and realizes the whole intelligent linkage of your house. Simply add the sensor into the Zigbee hub after adding the hub into Smartphone App.
- Real-time remote monitoring: Whenever and wherever you are, once Door and Light Sensor detects external objects or animals, you will receive a notification by smart phone. Keep your house safe all the time. What you need to do is to keep your sensor with ZigBee hub connected.
- Wide Applications: Apply the smart door and light sensor to different scenes, your bedroom, garage, bathroom, garden and anywhere you like, keeping your whole house away from danger with a linkage of the smart door and light sensor, together with various zigbee sensor with one zigbee hub required only. Easy to integrate into various environments.
- Battery powered for low power consumption: New designed with hall sensing technology and tamper protection. Low battery reminder supported.
- Easy installation with double-side tape, simply stick it anywhere you like to protect your house security. Make intelligent linkage with other smart devices to achieve a comprehensive idea of intelligence.

## STARVIEW STV-MC21Z-W SPECIFICATION

Connection	ZigBee
Power Supply	Built-in 1 battery (non-rechargeable battery)
Material	ABS
Working Temperature	-10°C ~ 55°C
Working Humidity	10% ~ 90% (non-condensing)

# Starview IP Camera

**STV-TY-S2-P0**  
Starview IP Camera

• Starview STV-TY-S2-P0 helps you stay in touch with your home anytime, anywhere. With its quick mobile setup process, you will have secure access to your camera's video stream in no time. Remote Live Video Streaming via Smartphone, Tablet, and PC App.

- Clear Two Way Audio: We provide you real-time two-way audio, STV-TY-S2-P0 is built with microphone and speaker. So you can talk to your kids via your smartphone remotely whenever you want.
- High-definition day and night: See the details clearly, high-definition picture quality, clear and full. Two-way voice intercom, real-time picture monitoring.
- Smartphone App remote control: Pan/Tilt/Zoom controlled by smartphone app, keep an eye on your house anywhere and anytime through your smart phone, you can rotate it and zoom in/out to view anywhere.

STARVIEW STV-TY-S2-P0 SPECIFICATION	
Sensor	CMOS
Resolution	1080p (1920 x 1280), 720p (1280 x 720) optical
Minimum Illumination	0.02 Lux
Infrared Night Vision	The maximum support is 10 meters, and the infrared opening is controlled by automatic photoresistor
Two-way Voice	Support
Alarm Action	Support motion detection; Real-time alarm information push
Audio Channel	Built-in MIC
Power Supply	DC 5V 1A
Working Temperature	-20°C ~ 80°C
Working Humidity	10% ~ 95% non-condensing

# Starview Smart Outdoor IP Camera

- Complete kit including: 1x 4chs NVR; 15"HD LCD; 6TB HDD; 4x outdoor 5.0MP IR IP cameras
- The full-color space monitoring and recording set ensures the supervision of your space 24 hours a day. With a recording unit on a hard disk, motion detection, 4 cameras with infrared lamps for operation even in the dark and network operation with programs for viewing on your mobile, it is the most reliable and serious proposition on the market for the surveillance of your space.

## STVH-R04AS-AUT

Starview Smart Outdoor IP Camera

### MAIN FEATURES

- Clear Two Way Audio: We provide you real-time two-way audio, STVH-R04AS-AUT is built with microphone and speaker. So you can talk to your kids via your smartphone remotely whenever you want.
- Full Color Night Vision: With 4pcs IR LEDs, 5-10M IR distance, camera will automatically turn on IR lights when detect dark environment, and still show you a clear online video.
- AI human detection: When the camera detects motions, the camera will firstly AI smarter judge if the motion is caused by the humanoid or not. If the motion is caused by the humanoid, the camera will send alarm message.
- IP65 Waterproof and Dustproof: No any water mist cover on the outdoor security camera even in rainy, thunderstorm, snowy and dust day.

STARVIEW STVH-R04AS-AUT SPECIFICATION	
Sensor	CMOS
Resolution	5 megapixel
Minimum Illumination	0.02 Lux
Infrared Night Vision	The maximum support is 10 meters, and the infrared opening is controlled by automatic photoresistor
Two-way Voice	Support
Alarm Action	Supports Motion detection; Humanoid detection; Humanoid framing; Smoke sound detection; Absence detection; Delimitation detection; Real-time alarm information push
Audio Channel	Built-in MIC
Power Supply	DC 12V
Working Temperature	-20°C ~ 80°C
Working Humidity	10% ~ 95% non-condensing

# Starview Smart Door Lock

- You will no longer need to carry around a bunch of messy keys or be afraid of losing your keys. Starview Smart Door Lock open/close easily and automatically to save your time and effort.
- Starview Smart Door Lock is designed with high security technology to help you better protect your family, ensuring safety for you and your family.

**STV-DSK802-LS**  
Starview Smart Door Lock

## MAIN FEATURES

- Multiple unlock modes: Fingerprint, password, code, app, RF ID card, 3D face.
- Fingerprint handle to unlock with one grip.
- Virtual password to prevent prying: You can add random codes before and after the real password.
- Time-sensitive password remote control.
- Encrypted magnetic card opens with one swipe.
- Abnormal unlocking alarm: If the door lock is picked, it will make a loud noise to scare off the thief, and notify the owner to call the police in time.
- Low battery alarm.

STARVIEW SMART DOOR LOCK SPECIFICATION	
Model	STV-DSK802-LS
Unlocking Ways	Starview smart life app; 3D face; Fingerprint; Code; RF ID Card; Camera inside; Mechanical key
Capacity	100 fingerprint users, 150 card users, unlimited passcode
Material	Aluminum alloy steel panel
Lock Type	6068 stainless steel mortise
Power Supply	4 pcs AA battery; Support USB external power supply
Panel Size (mm)	390 x 70 x 22.5
Weight	3.5 kg
Door Thickness Requirement	38 x 70 (mm)

# Starview Video Doorphone

• We understand that safety is not a luxury, but a necessity. And to keep you and your loved ones safe, we bring to you the best of technology and design, with Starview Video Door Phone STV-LSAZBS4A.

**STV-LSAZBS4A**  
Starview Video Doorphone

## MAIN FEATURES

- 24 hours a days: High-definition infrared night vision
- Two-way intercom
- Full touch 4.3 inch screen
- RFID Card/Password/Face recognition/Mobile phone remote unlock
- Image/Video advertising playback

STARVIEW STV-LSAZBS4A SPECIFICATION	
Function	Unlock, Monitor, Intercom, Calling
Material	High quality aluminium alloy frosted panel + touch screen
Display Screen	4.3" 1080p Full Touch Screen
Power Supply	DC 12V - 18V
OS	Android
Connection	TCP/IP
Working Temperature	-20°C ~ 50°C
Working Humidity	10% ~ 90% non-condensing

# Starview IoT Control Panel Gateway

• Easy smart home control for everyone: Brilliant touchscreen panels with built-in Smart APP make it easy for everyone at home to control popular smart devices, lighting, locks, thermostats, scenes and more by simply.

## STV-LS-FX

Starview IoT Control Panel Gateway

### MAIN FEATURES

- Make your home smarter: You can set up different scenes and let different smart home appliances match your life. You no longer need to look for remote controls for air conditioners everywhere, and you don't need to use many switches. You only need to tap when you enter the door, and a romantic dinner will be accompanied. With just the right warm light, soothing music will appear immediately.
- Now everyone at home can easily browse and play music with different brand speakers, control anywhere smart lights in your home, and unlock the door with a compatible smart lock-all without needing a phone.

STARVIEW STV-LS-FX SPECIFICATION		
Screen	Screen Size	7"
	Screen Resolution	1024 x 600 pixels
	Screen Type	IPS Multitouch capacitive screen
System	Operating System	Android
	CPU	Quad core
	CPU Frequency	1.5 GHz
Storage	Fuselage Memory	1GB/2GB (Optional)
	Expand TF Card Memory	8GB
	USB	2.0 interface, 32 GB read
IOT		Zigbee/Bluetooth
		Lights, outlets, air conditioning, scenes, groups, video doorbells, curtains
Power Supply		110-240VAC 50/60Hz
Power Amplifier		2 x 20W (TI digital tapping)
Output Impedance		4 to 8 ohms
Frequency Response		20Hz - 20KHz
SNR		98db
THD		0.03% (1W,1KHZ)

# Starview Smart Zigbee Socket Plug Adapter

- The STV-BSD60W-POWER-20A must be used with the zigbee gateway. Use your smartphone to remotely control the smart ZigBee power plug through the smartphone app. Easily control your home appliances.

## STV-BSD60W-POWER-20A

Starview Zigbee Socket Plug Adapter

### MAIN FEATURES

- Voice Control: The ZigBee smart plug socket is perfectly compatible with Amazon Alexa, Google Assistant. Simply send voice commands to "them" to control the sockets.
- Power Monitoring: Real-time report that can monitor how much energy the household appliances consume. Help you reduce electricity bills.
- Timing Function: The set time for turning on/off the light can be set. . . .
- Countdown Function: You can set a countdown for humidifiers, microwave ovens, coffee machines, etc. The device will stop automatically. Don't worry about the device working all the time.
- Sharing Function: You can share the smart plug with your family through the app with one click.
- Smart Scene: Create your own scene and trigger the ON/OFF of home appliances according to starting mode, home mode, and other conditions.

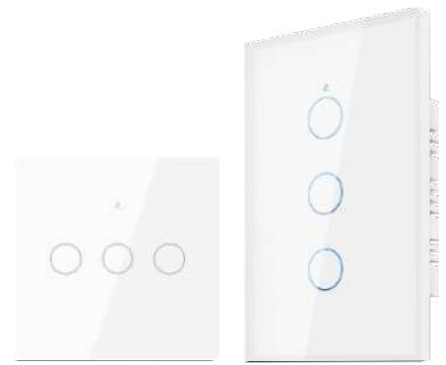

### STARVIEW STV-BSD60W-POWER-20A SPECIFICATION

Input Voltage	100-240V 50/60Hz
Maximum Current	20A
Material	ABS + PC fireproof material
Working Temperature	-10°C ~ 55°C
Working Humidity	10% ~ 85% (non-condensing)
Connection	Zigbee

# Starview Smart Zigbee Touch Switch

- With smartphone app, you can control the lights at home anytime and anywhere, whether it is working in the office or on vacation.

## STV-DS-124-4

Starview Smart Zigbee Switch

### MAIN FEATURES

- Perfectly compatible with Alexa, Google Assistant. Turn on/off lights with voice commands when your hands are full.
- Setting a schedule or timer on/off your lights on night and morning, and then you will never go back to a dark house when you go back home at dusk. Moreover, you could quietly waked up by scheduled light on every morning.
- Creating your own scene to trigger ON/OFF home appliances by departure mode, home mode, temperature, humidity, or other environmental conditions.
- The wall switch adopts premium materials, such as fire-resistant shell, tempered glass, can provide fire prevention, overload protection to protect your family.

### STARVIEW STV-DS-124-4 SPECIFICATION

Connection	Zigbee
Input Voltage	110-240V 50/60HZ
Maximum Current	12A
Material	ABS + PC fireproof material, tempered glass
Power Rating	3 x 500W/Channel
Power Consumption	≤0.5W
Working Temperature	-20°C ~ 50°C
Working Humidity	0% ~ 85% (non-condensing)

# Starview Smart ZigBee Wireless Scenes Switch

**STV-YKQ004-W**

Starview Smart Zigbee Wireless Scenes Switch

- The STV-YKQ004-W has a beautiful and elegant appearance.
- The elegant appearance of compact size takes up little space and can also be used as a set for your convenience.
- The switch has two switches, a timer switch with led light to indicate the status of the switch and battery.

## MAIN FEATURES

- Through APP settings, you can control zigbee products, including smart sockets, smart switches, smart bulbs, door magnets, temperature and humidity, etc.
- Each button can be set to click, double click and long press functions.
- In order to have a better feel, we have adopted curved 2.5D HD tempered glass with higher cost, which is more high-end.
- The button will emit a light light at night, indicating the position of each button, and the weak light will not disturb the rest of the family.
- They can be placed on the desktop at will, or fixed on the wall with their own screws. Suitable for various application scenarios.
- The bracket can be adjusted 0-100°, which is suitable for your best forehead angle.

STARVIEW STV-YKQ004-W SPECIFICATION	
Connection	Zigbee
Fluorescent	Supported
Material	2.5D tempered glass
Power Supply	CR2032 battery
Standby Current	≤20uA
Emission Current	8mA
Radio Frequency	2.4GHz
Working Temperature	-10°C ~ 40°C
Working Humidity	0% ~ 85% (non-condensing)

# Starview Smart Home Sensor

• The products are suitable for family residence, real estate villas, factories, shopping malls, warehouses, office buildings, banks, computer rooms and other places of security prevention.

**YG500A**

Starview Smoke Sensor

**GS-KCTWIZ-01**

Starview Temperature and Humidity Sensor

**RQ400A**

Starview Gas Sensor

**Motion Sensor**

Starview Motion Sensor

## MAIN FEATURES

- Starview Smart Home Sensor is designed to empower connected, intelligent homes through aesthetic and interoperable technologies. The sensor pairs PIR detectors, gas leak detectors, smoke detectors and remote controls with the Starview hub, and allows easy controlling options via the smartphone app. Homeowners can easily detect security risks including intrusion, gas leak and fire hazards.

### STARVIEW YG500A SPECIFICATION

Power Supply	LR03 battery
Standby Current	<15uA
Connection	Zigbee
Sound Level	85dB/M
Detection Range	20 m <sup>2</sup>
Working Temperature	-10°C ~ 55°C
Working Humidity	0% ~ 95% (non-condensing)

### STARVIEW MOTION SENSOR SPECIFICATION

Power Supply	CR123A battery
Low Power Undervoltage	≤2.6V
Connection	Zigbee
Detection Distance	10 m
Sound Level	85dB/M
Working Temperature	-10°C ~ 50°C
Working Humidity	0% ~ 95% (non-condensing)

### STARVIEW RQ400A SPECIFICATION

Power Supply	AC 85-250V
Standby Current	<15uA
Connection	Zigbee
Sound Level	70dB/M
Detection Range	20 m <sup>2</sup>
Working Temperature	-10°C ~ 55°C
Working Humidity	0% ~ 95% (non-condensing)

### STARVIEW GS-KCTWIZ-01 SPECIFICATION

Power Supply	AAA battery
Connection	Zigbee
Working Temperature	-10°C ~ 50°C

# Starview Vacuum Robot

• *Smart cleaning, enjoyable life: Compatible with Alexa & Google Assistant, easy to start/stop your robot by your voice or mobile phone. Make you, your baby and pets more enjoyable time in weekends.*

**STV-K11**  
Starview Vacuum Robot

## MAIN FEATURES

- Boost-intellect technology: Automatically increase suction power to lift cleaning head and two large wheels when carpet is detected, moves seamlessly from hard floor to carpets to get the mess.
- Stair fall protection: All-around sensors protect your robot from falling down the stairs.
- Anti-collision sensors: Intelligent navigation prevents the robot from bumping into the obstacle.
- Automatic charging: It automatically returns to self-charging when power is below 20%.
- Intensive suction: With 1500pa strong power to provide a deep cleaning intensive suction, our robot vacuum cleaner goes is no trace of dirt and dust.
- Precision cleaning: With a gyroscope, no yaw refers to where to sweep, clean the location you want to clean.
- Noise as low as 45 decibels: Cleaning at night does not affect rest, giving the family a comfortable sleeping environment.

STARVIEW STV-K11 SPECIFICATION	
Color	Black/white
Working Voltage	7.4V
Lithium Battery	14.8V, 4400mAh
Power	15W
Suction	1500pa
Charging Time	3 - 4h (First charging time: More than 8 hours)
Working Time	120 minutes
Dust Box	600ml
Noise	45dB
Water Tank Capacity	180ml

# Starview Smart Curtain

• With your curtains controlled by the Starview Smart Curtain system, you'll never have to draw your curtains manually again. Open and close your curtains with a multitude of options – remote control buttons, smartphone apps, timer automations, even by your home temperature.

**WCG1W3**

Starview Smart Curtain

## MAIN FEATURES

- Multiple control methods including: Remote, smart phone, Amazon Alexa, Google Assistant, and other home automation systems.
- Set timers for opening and closing via smartphone app.
- Durable, heavy duty, quiet smart curtain rod.
- Smart motor can remember curtain position and distance settings.
- Light touch trigger: Manually pulling the curtain can trigger the motor to operate automatically.
- Manual operation available when power is off.

### STARVIEW WCG1W3 SPECIFICATION

Motor	AC 230V/50Hz, 120V/60Hz
Control	Wireless remote, Switch, Home automation system, ZigBee
Material	Metal, Aluminum alloy
Noise	<30dB
Working Temperature	-40°C ~ 85°C

# Starview Garage Door Opener

• A smart garage door not only conveniently opens your garage door but also offers a high level of safety. Sensors, for example, protect against accidents that could otherwise be caused by the automatic doors.

**STV-TQTYGO001**  
Starview Garage Door Opener

## MAIN FEATURES

- The garage door can be easily opened and closed by converting the existing network and garage door opener into a single integrated smart device that can be controlled and monitored from anywhere in the world.
- You can set a schedule to open and close the garage door. Easily manage garage doors.
- Have you left the house and forgot to close the garage door? Don't worry, the Starview Smart garage door opener will alert you.
- You can share it with your family or visitors. With the course, you can get access at any time.
- Activate your garage door opener by simply clicking on the mobile app or by placing a voice command to your for Alexa or Google assistant device or driving near the garage door.

STARVIEW STV-TQTYO001 SPECIFICATION	
Power Supply	DC 5V
Material	ABS + PC
Cable Length	About 5m
Working Temperature	-10°C ~ 50°C
Working Humidity	10% ~ 90% non-condensing

SMART  HOME
