## ***IOT Control Panel Gateway & Next Gen Soft Switch***

### **INTELLIGENT CONTROL PANEL GATEWAY**

The touch control panel gateway is all in one Smart Home Central Control product. It can control smart switches, smart curtains, security cameras, video doorbells, and all other smart home devices.

# Touch Control Panel Gateway

- It can control the smart home devices of the whole house.
- Smart AI voice is built for the quality of life.

## Smart Touch Panel

It can control various Starview smart devices

## Scene Setting

Customize smart home scenarios, switch scene modes freely

## AI Voice Interaction

A caring assistant of your life, answering the question you put forward

## Voice Control

Using voice to control the panel

## Replacement Of Zigbee Gateway

It can connect 100+ devices instead of Zigbee Gateway

## Various Control Modes

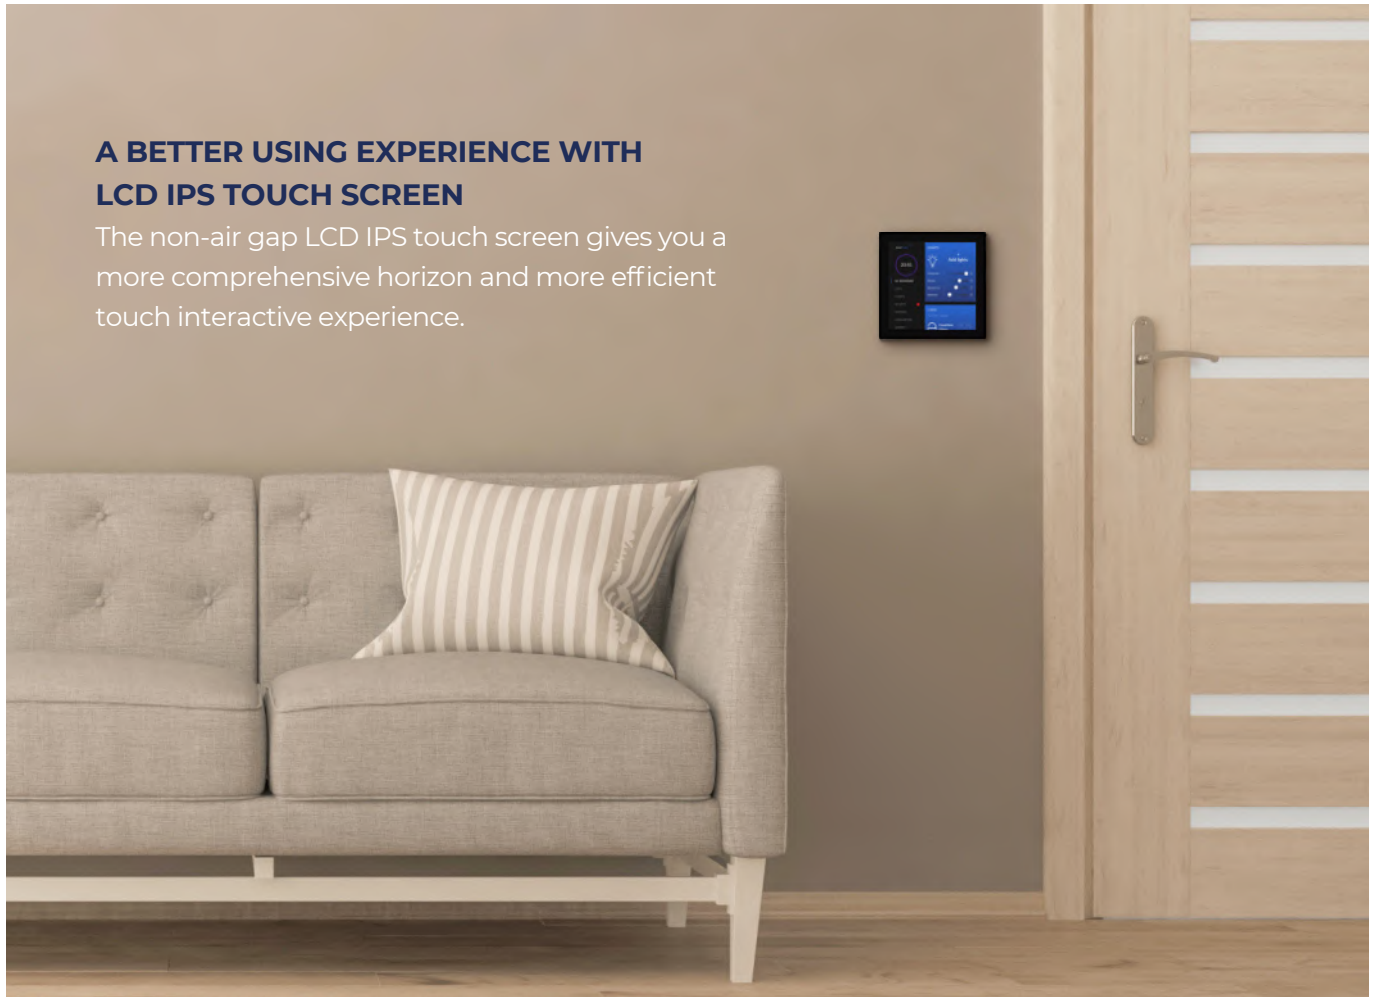

With smartphone to remote control the panel, you can enjoy the comfortable life earlier

## A BETTER USING EXPERIENCE WITH LCD IPS TOUCH SCREEN

The non-air gap LCD IPS touch screen gives you a more comprehensive horizon and more efficient touch interactive experience.

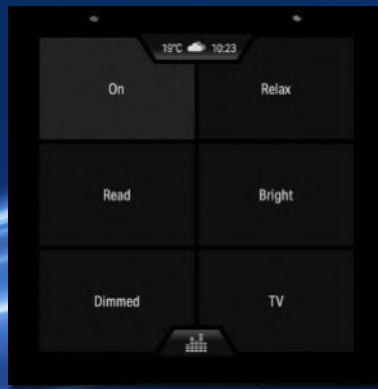

## TOUCH THE PANEL, CONTROL THE SMART DEVICES

The touch control panel has a wealth of devices control entrances, is compatible with most of the Starview devices. It can easily achieve the precise control of lighting, curtains, air conditioning and other smart devices.

## CREATE YOUR OWN SMART SCENE

Custom linkage scene in the smart central control panel. Touch the panel or using voice to switch the scene modes quickly. Even if the home network is down, the local smart scenario still works on the LAN.

## SLEEP SOUNDLY

### PUT IT IN THE BEDROOM

Turn off multiple smart devices with one click before bed, which gives you more convenient and let you sleep more safely

## RECEPTION PARTY

### PUT IT IN THE LIVING ROOM, TOUCH IT TO START THE PARTY MODE

The curtain and TV will turn on automatically, and the lamp in the living room will set to the right brightness

## GO HOME AND LEAVE HOME

### PUT IT BESIDES THE DOOR

Turn on the lamp, curtain and air conditioner with one click when return home Turn off the lamp, curtain and air conditioner with one click when get out of home.

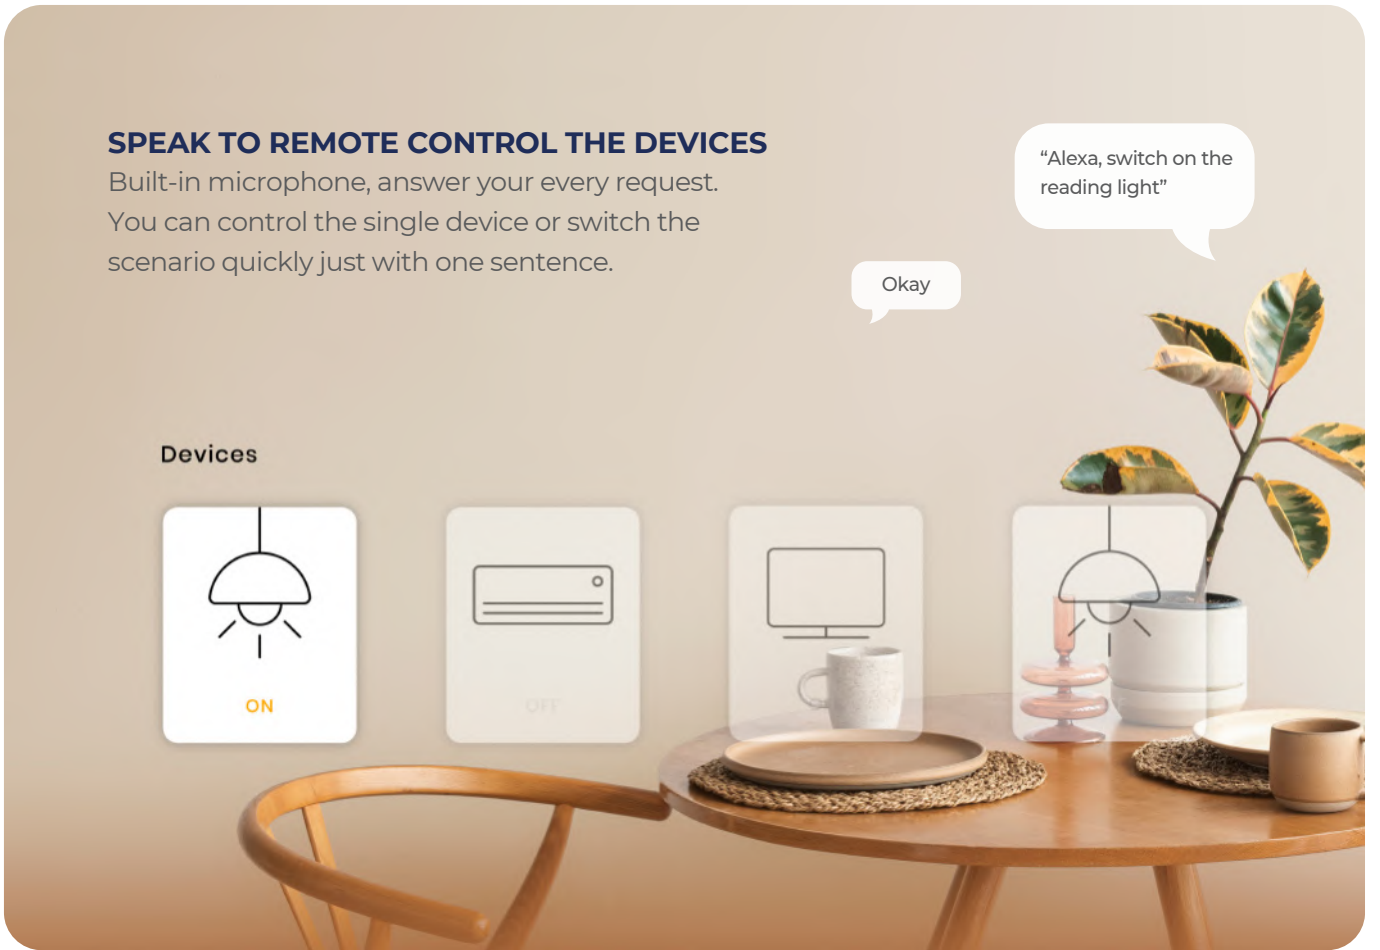

## SPEAK TO REMOTE CONTROL THE DEVICES

Built-in microphone, answer your every request. You can control the single device or switch the scenario quickly just with one sentence.

"Alexa, switch on the reading light"

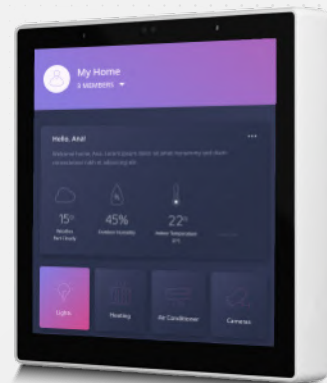

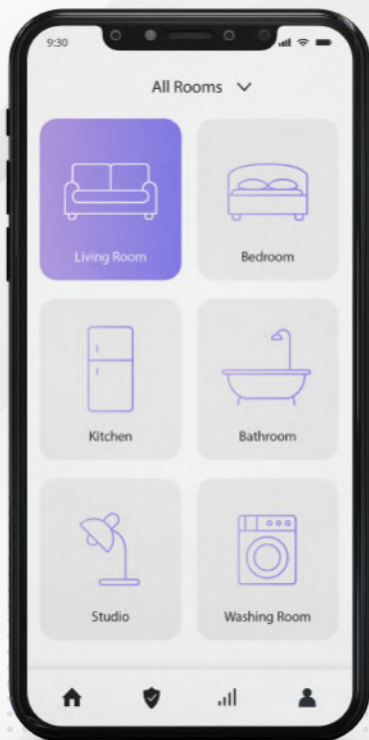

Okay

### Devices

## APP REMOTE CONTROL GIVES YOU MORE CONVENIENT

When you out of home, enter the app, you can remote control the devices in your home. The devices are arranged in order, you can find the devices you need quickly in the app.

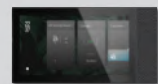

### **AN ASSISTANT OF YOUR LIFE**

The touch control panel can broadcast the daily news, tell bedtime stories, support tips for your daily travel... Answering every question you put forward.

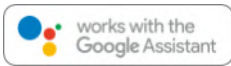

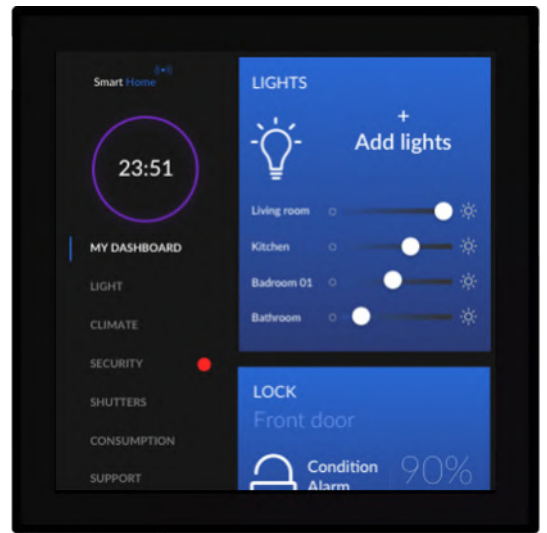

### **LIFE IS SIMPLE...**

Every time when return home, you can feel the warmth brought by the one-key customized scenario. Be prepared in advance when you need it. Improve your life quality with the smart linkage of other smart devices. Create modern smart and simple home life for you.

# Starview SSL-SS-T6E

- Compatible with European standard wall boxes, simple in wall installation.
- 4.1-inch HD IPS LCD, multi-touch screen, dual array microphone with noise reduction, auto light sensor, built-in 1W speaker.
- ZigBee gateway function, APP remote control.
- Control the lights, curtains, air conditioners, and all othersmart home devices. Configure Smart Home scenes in the APP, turn on the scene mode with one touch on the screen.

STARVIEW SSL-SS-T6E SPECIFICATION		
Screen	Screen Size	4.1"
	Screen Resolution	480 x 480 pixels
	Screen Type	LCD Multitouch capacitive screen
System	Operating System	Android
	CPU	Quad core
	RAM/ROM	1GB/8GB
Network	RS485	Optional
	Wifi	Wifi 802.11 a/b/g/n dual band 2.4/5G (Optional)
	Ethernet	Optional
IOT		Zigbee/Bluetooth/Wifi
		Lights, outlets, air conditioning, scenes, groups, video doorbells, curtains
Material		Crystal/Glass
Power Supply		110-240VAC 50/60Hz
Speaker		Built-in 1W

# Starview SSL-SS-T8E

- The touch control panel adopts a 4.1-inch multi-touch screen. The fingertip interaction is precisely positioned, and the touch is smooth.
- Date, clock, weather, temperature, device control and other signs appear on the screen. Simple graphics and dynamic effects.

- There is network port access behind the touch control panel, the gateway control is more stable, and the comprehensive intelligent control of smart switches, sockets, sensor, door locks... Really realizes a single panel in charge of the whole home.
- The touch central control can change the scene with one button, switch the scene freely, and control your home. Rich gateway capabilities, easy installation, voice and App control, unified management of home devices.
- The smart central control screen can replace the Zigbee gateway with strong compatibility. It can add 99+ sub-devices, and can control switches, sockets, temperature control, curtains, lamps and other equipment more stably in real time.
- Suitable for different places like home, supermarket store, office, company factory, hotel restaurant, etc.

STARVIEW SSL-SS-T8E SPECIFICATION		
Screen	Screen Size	4.1"
	Screen Resolution	480 x 480 pixels
	Screen Type	LCD capacitive single touch G+F
System	Operating System	Linux
	CPU	Cortex-A7 dual-core
	RAM	128 MB built-in
	Flash	16M
Network	Wifi	Wifi 802.11 a/b/g/n dual band 2.4/5G (Optional)
	Ethernet	Support RJ45
IOT		Zigbee/Wifi
		Lights, outlets, air conditioning, scenes, groups, video doorbells, curtains
Material		Crystal/Glass
Power Supply		110-240VAC 50/60Hz

## Starview SSL-SS-FX

- Easy smart home control for everyone: Brilliant touchscreen panels with built-in Smart APP make it easy for everyone at home to control popular smart devices, lighting, locks, thermostats, scenes and more by simply.

- Make your home smarter: You can set up different scenes and let different smart home appliances match your life. You no longer need to look for remote controls for air conditioners everywhere, and you don't need to use many switches. You only need to tap when you enter the door, and a romantic dinner will be accompanied. With just the right warm light, soothing music will appear immediately.
- Now everyone at home can easily browse and play music with different brand speakers, control anywhere smart lights in your home, and unlock the door with a compatible smart lock-all without needing a phone.

STARVIEW SSL-SS-FX SPECIFICATION		
Screen	Screen Size	6.1"
	Screen Resolution	1024 x 600 pixels
	Screen Type	LCD Multitouch capacitive screen
System	Operating System	Android
	CPU	Quad core
	CPU Frequency	1.5 GHz
Storage	Fuselage Memory	1GB/2GB (Optional)
	Expand TF Card Memory	8GB
	USB	2.0 interface, 32 GB read
Network	Wifi	Wifi 802.11 a/b/g/n dual band 2.4/5G (Optional)
	Ethernet	Optional
IOT		Zigbee/Bluetooth/Wifi
Material		Lights, outlets, air conditioning, scenes, groups, video doorbells, curtains
Power Supply		Crystal/Glass
Power Amplifier		110-240VAC 50/60Hz
Output Impedance		2 x 20W (TI digital tapping)
THD		4 to 8 ohms
Frequency Response		0.03% (1W.1KHZ)
SNR		20Hz - 20KHz
Audio Formats		98db
Video Formats		MP3, WAV, WMA, FLAC, APE, and ACC, AC3, OGG audio formats
Audio Input		The MPEG - 1/2/3/4, the RM/RMVB, WMV, MOV, MK, VOB, AVI, 3GP, H264, and other video format
Audio Output		AUX, one group
		One group

# Starview SSL-SS-F8

- Through SSL-SS-F8, you can easily control the smart devices in the whole house; aggregate and control the devices in the whole house and realize intelligent linkage to provide considerate and active services.
- The Starview 8.2" touch control panel has a rotary switch design along with the main 8.2" multitouch LCD screen. The rotary switch also has a 1.3" LCD touch screen, which is perfect for thermostat control and lights dimmer.
- Mobile APP control, voice intercom, broadcast, APP push content.

Audio Output	One group

## Starview SSL-SS-T3-EU3-Z0

- Smart switch with build-in 3 relays SSL-SS-T3-EU3-Z0 is 3 Channel Smart switch, it can connect with maximum 200W Lamp directly.
- Compatible with European standard wall boxes, simple in wall installation.
- 4.1-inch HD IPS LCD, multi-touch screen.
- ZigBee gateway function, APP remote control.
- It can be a scene panel when it's connected to the Zigbee smart home gateway, and realize to control the lights, curtains, etc, active the scene mode with one touch on the screen.

STARVIEW SSL-SS-T3-EU3-Z0 SPECIFICATION		
Screen	Screen Size	4.1"
	Screen Resolution	480 x 480 pixels
	Screen Type	LCD, G+G 5 touch industrial grade capacitive screen
System	Operating System	RTOS
	CPU	Xtensa - LX7 dual core 240MHZ
Network		Wireless Zigbee
IOT		Zigbee
		Lights, outlets, air conditioning, scenes, groups, video doorbells, curtains
Material		Crystal/Glass

Load	Single 200W, the total load does not exceed 600W
Installation Method	Pre-embedde
Channel	3-Channel smart wall switch & Scene Panel 2 in 1
Power Supply	220-240VAC 50/60Hz

## Starview SSL-SS-T3-CN4-Z0

- Smart switch with build-in 4 relays SSL-SS-T3-CN4-Z0 is 4 Channel Smart switch, it can connect with maximum 200W Lamp directly.
- Compatible with Chinese standard wall boxes, simple in wall installation.
- 4.1-inch HD IPS LCD, multi-touch screen.
- ZigBee gateway function, APP remote control.
- It can be a scene panel when it's connected to the Zigbee smart home gateway, and realize to control the lights, curtains, etc, active the scene mode with one touch on the screen.

Load	Single 200W, the total load does not exceed 800W	
Installation Method	Pre-embedde	
Channel	4-Channel smart wall switch & Scene Panel 2 in 1	
Power Supply	220-240VAC 50/60Hz	

## Starview SSL-SS-T3E-EU1-ZI

- Smart switch with build-in 1 - channel relay switch, 1 - way light dimming and Scene panel 3 in 1.
- Compatible with European standard wall boxes, simple in wall installation.
- 4.1-inch HD IPS LCD, multi-touch screen.
- ZigBee gateway function, APP remote control.
- With Dimmer switch and scene panel function, connect with the Zigbee gateway.
- It can be a scene panel when it's connected to the Zigbee smart home gateway, and realize to control the lights, curtains, etc, active the scene mode with one touch on the screen.
- 0 to 10V dimming, just connect the lights or lamp with 0 to 10V dimming power driver, dimming power driver connect with 4 inch touch pad.

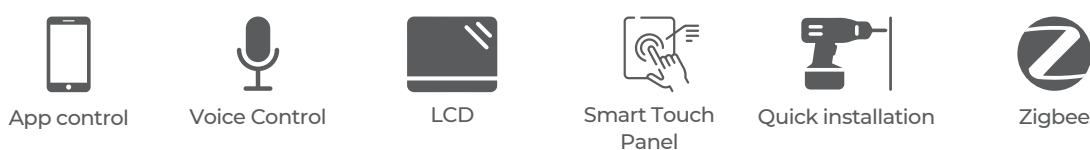

STARVIEW SSL-SS-T3E-EU1-ZI SPECIFICATION		
Screen	Screen Size	4.1"
	Screen Resolution	480 x 480 pixels
	Screen Type	LCD, G+G 5 touch industrial grade capacitive screen
System	Operating System	RTOS
	CPU	Xtensa - LX7 dual core 240MHz
Network	Wireless Zigbee	
IOT	Zigbee	
Material	Crystal/Glass	
Load	Single 200W, the total load does not exceed 400W	
Installation Method	Pre-embedde	
Channel	1 - channel relay switch + 1-way light dimming & Scene panel 3 in 1	
Power Supply	220-240VAC 50/60Hz	

## Starview SSL-SS-T3E-CN2-Z2

- Smart switch with build-in 2 - channel relay switch, 2 - way light dimming and Scene panel 3 in 1.
- Compatible with Chinese standard wall boxes, simple in wall installation.

- 4.1-inch HD IPS LCD, multi-touch screen.
- ZigBee gateway function, APP remote control.
- With Dimmer switch and scene panel function, connect with the Zigbee gateway.
- It can be a scene panel when it's connected to the Zigbee smart home gateway, and realize to control the lights, curtains, etc, active the scene mode with one touch on the screen.
