

CL-40L

OUTDOOR COLUMN SPEAKER

FEATURE

- Outdoor waterproof column speaker, streamlined design, beautiful and fashionable.
- The shell is made of one-piece thickened aluminum alloy, which can effectively reduce the resonance of the cabinet when the sound pressure is high, and the surface adopts outdoor powder spraying process to prolong the service life.
- The mesh cover is made of aluminum alloy, one-piece stamping, and covered with high acoustic sponge, further improving the waterproof performance and increasing the service life.
- Using six 2.5-inch full-range speaker units, bearing high power, low distortion, excellent vocal performance.
- Built-in high-performance 100V audio transformer, which can reduce the loss in the circuit due to impedance.
- Using high-quality wires, it can be used at full load for a long time, with good anti-scald and conductivity capabilities, safe to use.
- L-shaped bracket design, convenient and flexible adjustment scheduling, user-friendly operation and installation debugging.

APPLICATION

Large squares, playgrounds, parks, railways, etc.

Technical specifications	CL-40L
Rated power (100V)	20W, 40W
Rated power (70V)	10W, 20W
Sensitivity	92dB±3dB
Impedance	Black: COM/White: 500Ω/Green: 250Ω
Frequency response	80Hz -20KHz
Dimension	105×75×550mm
Speaker unit	2.5"×6
IP level	Ip66
Weight	2.8kg
