

SA-PAS SERIES

ACOUSTIC TRANSPARENT PROJECTION SCREEN

DESCRIPTION

The SA-PAS Series is an acoustically transparent (AT) Ultra-Hi Def fixed frame projection screen. The SA-PAS Series acoustically transparent is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation. Its tight perforated weave design allows a superior AT performance without sacrificing picture quality.

PRODUCT DESIGN & FEATURES

- Sound transparent projection material allows speaker placement behind the screen
- Wide viewing angle provides a clear and bright picture from any seating position
- Black-backing mesh reduces light reflectivity
- Aluminum lightweight split-frame design
- Ultra-thin Edge trim included for enhanced appearance and absorbs projector overshoot

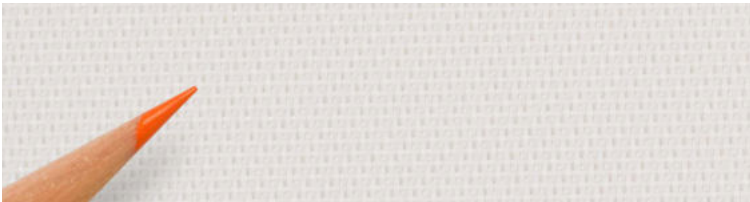

Curved

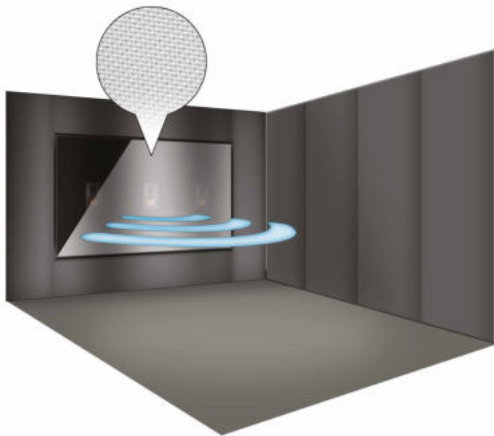

Flat

Available Screen Materials

The SA-PAS Series

Technical specifications	SA-PAS Series
Projection Type	Front projection
Material Type	Perforated weave
Mould Proof	Yes
Working Temperature	-20°C - 60°C
Anti-static Electric	Yes
Heat Resistance	Yes
Resist Fatigue	Yes
Hardness	Soft, support folding & rolling
Anti Lighting Texture	With lighting coating plaining
Installation	Flat or curved

ORDER INFORMATION

Model	Description
SA-PAS x-y	x: Projection screen width (mm) y: Projection screen height (mm)
